

**Brigitte Gabriel on Higher Education or Lowly Propaganda!**

[Freedumb In America Today](#)

***Dear Friends,***

***"Freedumb In America Today, and the Christian's Duty"*** website is currently focusing on the critical issue of the American *"Public Education System."*

A condition of "Ignorance" may sometimes exist as a result of nothing more than a matter of laziness or apathy one might have toward a given subject.

However, sometimes ignorance results from a decided objective of one *group* purposely replacing "truth" with "lies." The common definition for this process is: *"Propaganda!"* It is very difficult for a man in my generation (Baby Boomer) to even imagine that *any* form of ***"Anti-American – Anti-Christian"*** propaganda could ever be even remotely successful here in America! I no longer believe that!

The American culture which resulted from the direct and purposed efforts of America's Founding Fathers is in danger of being destroyed – from the inside out! Those who do not immediately *believe* and realize this threat is *real* and begin to work fervently in an effort to ***stop*** – and then – ***reverse*** – this evil action

against America - will soon see their "Freedom" turn into "Freedumb!"

Following is a very poignant video by, Brigitte Gabriel – founder of, "Act for America." This video segment focuses upon the dangerous evils being taught to American children via the "Public Education System" from the Elementary to University-levels!

She speaks Arabic, French, English and Hebrew.

Following is a frightening - Watch the entire video.

This is a very telling lecture. It hits at the root of *one* of the many, many, treasonous propaganda efforts being perpetrated upon America's children via "*Public Education*" in America today.

From entry into the *Primary, Secondary* and *High School, Public Education Systems* and culminating within the American University System – America's children are under a constant stream of Anti-American propaganda of many, many, differing evil sources and it is only now becoming evident by what we can see that "**IS**" happening to our culture!

This fight is as real and costly as any combat this nation has been through in the past. The battlefield is non-conventional – The Battle Fields literally are:
