"Debt Ceiling Legislation August 2011"

By Robert Buckner - 8/2/2011 11:01 AM

"We the People" have just received a very severe blow to our fundamental freedoms. As a matter of the "*Liberal-Left Ruling-Class Statist*," placing even more debt upon the backs of each American citizen – they have effectively once more – reduced the level of our standard-of-living by committing "us" to spending "our" money for things "we" do not want, and consequently, we will become chained to an incredible and literally, unmanageable debt!

Note: Our enemies could not have been successful without the explicit help from many **Republicans!** Many within the "**Republican Political Establishment**" are as corrupt and misguided as those who stand openly with the Left!

It is crucial that the "Good People" of America become "**WISE**" and purpose to now to, "**Separate the Chaff From the Wheat!**"

Do not lose hope! In an article which I recently wrote, "*Helplessness Induces Hopelessness*," I warned that one of the evil tactics which the enemies of America have employed for many years has been to create an overwhelming feeling of helplessness and hopelessness! They are determined that if they can cause the majority of Good Americans to become hopeless – **they will quit!**

American Christians – We must remain in the fight!

Please refer to the above-listed article - "[Helplessness Induces Hopelessness](#)" and bring to mind, as Christians, where our "**HOPE**" is rooted!

"Duty is ours, results are God's"

"Liberalism is a Lie and Liberals Are Liars!"

Between now and the November 2012 elections, be prepared to see the most unabashed and utterly "*in-your-face*" disregard for "*Truth*" and "*Honor*" that you have seen from the "*Liberal-Left Ruling-Class Statist!*"

They will use much of this increased debt to spend for the advancement of their own political objectives! ***Essentially, you and I are funding their war against us!*** Everything from initiating and funding all manner of evil social and political programs to further take from one segment of the populace to give to another, in order to increase the number of constituents who are dependent upon government!

More Irresponsible Spending to Intentionally DESTROY America!

This is a war and the enemy lives among us!

Prepare to now be TAXED – TAXED – TAXED!

Hang on! Stay the course! Continue to Fight the Good Fight!

NOVEMBER 2012!

"Remember Who Voted and How They Voted!"

Then – YOU VOTE!

11-12
