"Dhimmitude" – What does this word mean?

It seems very important to pursue the exact definition of this word, which is employed in the controversial health care bill on page 107, but not easily found in any English or American dictionaries.

I looked this up on Snopes Mixed message:

Dhimmitude -- I had never heard the word until now. Type it into Google and start reading. It's on page 107 of the healthcare bill. I looked this up on Google and yep, it exists. It is a REAL word.

Dhimmitude is the *Muslim system of controlling non-Muslim populations conquered through jihad*. Specifically, it is the TAXING of non-Muslims in exchange for tolerating their presence AND as a coercive means of converting conquered remnants to Islam.

Obama-Care allows the establishment of Dhimmitude and Sharia Muslim diktat in the United States. *Muslims are specifically exempted from the government mandate to purchase insurance, and also from the penalty tax for being uninsured*. Islam considers insurance to be "gambling", "risk-taking", and "usury" and is thus banned. Muslims are specifically granted exemption based on this.

Christians will have crippling IRS liens placed against their assets, including real estate, cattle, and even accounts receivables, and will face hard prison time because if they refuse to buy insurance or pay the penalty tax.

Meanwhile, Louis Farrakhan will have no such penalty and will have 100% of his health needs paid for by the de facto government insurance. Non-Muslims will be paying a tax to subsidize Muslim's health care.

This is Dhimmitude!
