

***Seek the Truth - Know the Truth – and - Serve
the Truth!***

Dear Friends,

Contrary to what most America Christians may believe (as a result of the success of public education's "*History-Revisionist*") when referring to our "*Founding Fathers,*" instead of just the few commonly referred to, (*Washington, Jefferson, Franklin, etc.*) they actually numbered over 200!

Another truism which has also been successfully diminished by the *liberal-left Statist history-revisionists,* is that, our *Founding Fathers* were devout Believers in the God of Creation and purposely did incorporate, into the *Declaration of Independence, the Constitution* and the structure of our *judiciary and laws,* and formation of America's government - Biblical principles according to their Christian faith!

Also, due to a general and widespread ignorance-at-large of the majority of Americans today, it is believed that it is "unconstitutional" for the American citizen to bring *their **Christian faith*** into the realm of, "*Public Policy*" – the "*State House*" – "*Politics*" – or – even, the "*Public Square!*"

"Liberalism is a lie and consequently, liberals are liars!"

That being true, it does not release every Christian American citizen from their spiritual and civil **Duty** to:

Seek the Truth - Know the Truth – and - Serve the Truth!

A little over 200 years ago, America became the **first** and **only** nation to have their government and rule of law established upon the fundamental premise that every man's **Rights** were endowed to him by the God of Creation!

Essentially, established in this fashion, government's role, concerning the "Rights" of every individual American citizen, was **only** (limited) to protect that fundamental **Founding Principle** of **Truth** and **Law!**

How then is it possible today that we are told by politicians and their bureaucratic-minions within the liberal-left Statist political realm that it is unconstitutional for Christians to introduce their faith into government and the political realm in general?

If the contemporary American Christian has no valid voice in this debate – I wonder if **Founding Father** and the **First Chief Justice of the U.S. Supreme Court, John Jay** could have credibility?

"Providence has given our people the choice of their rulers, and it is the duty, as well as privilege and interest of a Christian nation to select and prefer Christians for their rulers."

John Jay, 1745 - 1829

Because, as stated by John Jay, "Providence" has given Americans this "Right," the **Duty** to responsibly exercise this **Duty** is both, Spiritual as well as Civil!

Christians as a whole will suffer while here on this earth for shirking their responsibility to steward properly over this Duty – However, they will also be accountable in the next life to Him who did endow them with this Right/Duty!
