

Title – Sesame Street's Bert and Ernie to Wed

[Freedumb In America Today](#)

Dear Friends,
I know that there are those who have been persuaded through many, many, years of hearing about the plight of the poor mistreated homosexual – that, contrary to what the Bible says regarding the “abomination” and “perversion” that is - homosexuality – they are just regular people helplessly drawn to this *natural* alter-state.

Well, let’s just weigh that perspective against the *traditional* “non-homosexual” people!

If the actual *acts* of homosexuality (as compared to heterosexuality) does not seem, in and of itself, to register as perverse – then how about the fact that the homosexual community believes that teaching very young children about sexuality of any kind is acceptable!

God will hold ***America*** – and in particular – the ***American Christian*** – responsible for **NOT** protecting these young children from the evil sexual exploitation of these perverse sexual predators!

What must these evil perverts do before the “*Good*” among us will finally say **“NO MORE!”**

The Homosexual Lobby is now pressuring Sesame Street -- the long-time beloved children's show -- to portray Homosexual Muppet "marriage."

That's right, the Homosexual Lobby is demanding that Bert and Ernie get married.

They want Bert and Ernie to set a pro-homosexual example in order to teach your children that homophobia is wrong and homosexuality is beautiful.

They claim that if only Bert and Ernie were allowed to marry it would help put an end to bullying and end the suicides of LGBT youth.

The reality is the Homosexual Lobby wants access to your children and they want them while they're young.

Only with that access can they turn your children against your traditional values -- against you.

But that's not all. These radicals also demand a transgender character be added to the children's show in a "tasteful way."

Seriously?

In what sick world is introducing cross-dressing perverts to 3 year olds "tasteful?"

This has to stop.

It's one thing for the homosexuals to practice their perversion in the privacy of their own home. . .

. . . but when it comes to robbing the innocence of our children and forcing their "lifestyle" into every aspect of our lives, there's no way Public Advocate is letting that go.

The bottom line: The Homosexual Lobby wants desperately to mainstream homosexual behavior as natural and wholesome; and they won't stop at using our children as targets to achieve their agenda.

Why do we continue to let Homosexuals who are less than 2% of the U.S. population dictate our culture.

This needs to stop.

And I need your help.

Please send your most generous contribution today and I'll make sure there's someone in Washington to fight back!
